

What are the benefits?

- A one stop shop for the removal of items that are hazardous, confidential or difficult to dispose of ethically, efficiently and cost effectively
- One easy to follow pricing structure
- Reduction of carbon footprint
- Ealing Broadway will achieve a town centre status of zero to landfill. Something to celebrate!
- Working with a supplier already tried and trusted offering the most cost effective solution
- First Mile will provide collection, disposal and ongoing support for all businesses using the services.

COST EFFECTIVE

Electronic equipment and confidential recycling made

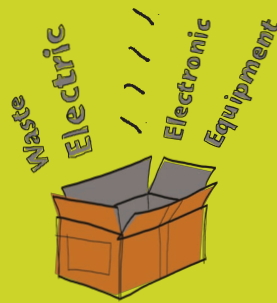

EASY

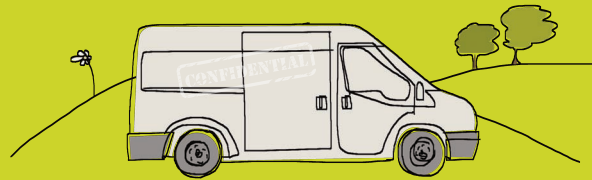

Doing your bit for your environment just got easier.

From 1st July 2011 your Ealing BID is providing your business with a WEEE, and confidential recycling service. All you need do is sign up to yours when our recycling contractor 'First Mile' contacts you this month.

Secure with us!

'First Mile' make regular collections in Ealing for recycling your electronics and confidential paper. Simply purchase WEEE sacks, confidential sacks, toner sacks, battery sacks, fluorescent lighting tubes and fill them with your waste. When you are ready for a collection call **0800 612 9894** to book a next day pick up.

SAVE up-to 20%
by using **First Mile** –
Ealing BID's chosen
recycling provider

What materials are covered?

WEEE stands for (Waste Electric Electronic Equipment). Sacks and stickers for bulkier items are available for each 25kg of material. Once sacks are full, collection is made from a central location in your office and the sack is replaced. All sacks have an individually numbered tag which is recorded and the necessary consignment note is created. Materials recycled include:

- Printers and cartridges
- Batteries. A 25kg battery box with separate sack lining is provided
- PC's, phones, PC screens and Fax machines
- Confidential waste. Documents and sensitive papers
- Fluorescent tubes.
